PROF. E. STONE WIGGINS, L. L. D.

CHARLESTON, Sept. 22.—Tuesday morning at 5 o'clock the heaviest shock of earthquake that has been felt here since the one that did the damage took place. Houses were perceptibly shaken and plastering fell from the walls. The most damage was done to the iron bridge, which was much shaken, but it will probably have to be pulled down. A shock is reported also from Summerville, Sumter, Blackville, Orangeburg, Newberry, Augusta, and Savannah.

Appearing to the Grand Jury. New York, Sept. 22.—Leon Lucius Fairchild, commander of the Grand Army of the Republic, has returned from Charleston, having visited that city for the purpose of personally becoming acquainted with the necessities of the sufferers from the recent earthquake. He has issued a circular to the G. A. R., in which he asks the patriotic demands for food can be met with funds already contributed, but that many of those whose residences have been shattered are unable to repair the same. He requests departmental commanders to call upon their constituents, the citizens generally for contributions to aid the stricken people. The money should be forwarded to department headquarters, and from thence to Mayor Courtenay, of Charleston.

Wiggins Is a "Little Old"

CHICAGO, Sept. 22.—The Times, referring to the prediction of Wiggins, the weather prophet of disastorous earthquakes, Sept. 20, says there are no serious disturbances on that date, but not for the cause given by Wiggins, which is "the conjunction of Jupiter, Saturn, Mars and the two moons" of our planet, for the reason that it is a fact that the celestial conjunctions do not take place on the date named. The second of the "two moons" of our planet is a Wiggins discovery that no one else knows anything about.

A Distinct Quake at Savannah.

SAVANNAH, Ga., Sept. 22.—Another very distinct shock of an earthquake was felt here at 4:55, local time. It was felt in the street, and several persons, and many people who were awakened by rattling windows, etc., were badly frightened, although no general alarm was felt. The citizens talk about it very coolly, and only the more nervous are predicted further quakes.

Good Results in Every Case.

D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes, that he was seriously afflicted with a severe cold that settled on his lungs; had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so, and was entirely cured by use of a few bottles. —Mr. P. O'Laughlin, the feather weight football artist in Anderson's shop while witnessing a game of base ball at the fair grounds, received a base hit, for which he got no credit, although he followed it up by making a home run. Pat says that hereafter, during fair times he will be at the shop showing customers or telling stories instead of witnessing a game of base ball—it's a fraud a delusion and a snob-ploy may it be.

—At Milwaukee yesterday the Rev. Olin A. Curtis bid farewell to his many friends and started with his family for Europe. Many from his congregation were at the depot and just before the train pulled out Mr. Curtis was presented with a pocket-book containing two hundred and fifty dollars and a parchment bearing the autographs of all those who had contributed to the purse. —This winter there is to be a decided change in the style of dances. Instructors say that the waltz has proven more turbulent from year to year. Grace is in vogue; and with this idea the waltz will be toned down and danced much slower.

Among the new dances will be the Columbia and the American Gavotte, round dances in 4.4 time. Three new square dances have been generally accepted for the present season, the Ottagon, the Court quadrille and the Minuet quadrille. The student enters like a clerk in a great business emporium and receives his promotions according to merit and advancement in business ability until he has acted in every capacity of business men. All branches in which he may be deficient are given him without additional charge; and at conclusion he receives a diploma, showing his true worth as a business man.

—While talking with one of the water commissioners last night Civil Engineer Morgan, of Chicago, who has been at Beloit, Plain, Iowa, investigating the remarkable well in that city, spoke of a number of the features of that natural fountain. The town is situated on three natural terraces more of the houses being on the upper one. Here five wells had been sunk. It was thought best to put one on the second as additional fire protection and the man who was employed not having any tools for sinking a three inch shaft made it two inches, then pulled the casing out and waited for the water to cut out another inch. The water cut considerably faster than he had expected for in a very short time the whole inside of the well had been washed out and a stream of water was pouring through town. The wells on the higher ground all stopped and "thick" "that it little was good more would be better". Mr. Morgan advised the city authorities to have an eight inch well sunk with a cut off sunk on the third or lowest terrace. It is thought that this will stop the flow of the well above it and the latter can then be securely piped and fitted with valves. When this is done the lower well can be closed and all of the others started to flowing once more.

For County Superintendent.
The friends of Mr. George S. Parker, of La Prairie, are presenting his name in connection with the republican nomination for the office of County Superintendent of Schools, 31 district. Mr. Parker is a young gentleman recently graduated from the State University at Madison, and possesses the ability and all the necessary qualifications to acceptably fulfill the duties of that important office. He has in his possession first class letters of recommendation from the faculty of the university, who are not reluctant in giving Mr. Parker the highest mark regarding his abilities as an educator. With four candidates in the field in the second district, all of whom have the best of credentials, there is no reason to find fault with the nomination, and should the candidacy fall to Mr. Parker, his friends will have cause to rejoice.

MUSICAL.

The First Production of "Cinderella" and "The Enchanted Swans" is a grand success.

The concert at Lippin's hall last night was well attended. When Professor Torson's lifted his baton and the voices of the chorists rang out in the "Song of the King's Children" all the seats in the lower part of the house, except those reserved and not claimed, were filled. It was an appreciative audience.

"The Enchanted Swans" a cantata that has already been spoken of, formed the first part of the programme. It was well rendered, Mrs. A. O. Wilson and Mrs. J. W. St. John who took the parts of the wicked queen and Elfrida, her daughter, being in good voice and singing with even more than their accustomed sweetness. The chorists did admirably. Their "Song of the Glow Worms" was well rendered; and that, as well as the weird chorus of phantoms and the songs of the mice and thrushes coming to Elfrida's aid, was fully appreciated. Otto Rain's "Prince" cannot be spoken of too highly. He sang the part well, his voice being of unusual strength and purity, and under perfect control. His solo in the intermission between the two parts of the programme was listened to with rapt attention.

The instrumental accompaniments and selections were very good. This was especially true with Mrs. Josephine Chastelain, whose harp lent an added charm to the choruses, and whose solos were received with loud applause.

"Cinderella" opened with a chorus of angels, who, seen but dimly at first seemed to draw nearer as the gauzy clouds that were before them passed away. The story itself, as recited by Miss Ida B. Davies, commenced in the second scene and was acted out in all its detail. Miss Hattie Dearborn took the part of Cinderella with much spirit, her singing being bright and lively and her acting good. Mrs. C. E. Moseley as the fairy god mother was also in very good voice, and the parts of the wicked sisters were well taken by Mrs. Lovi P. Bliss and Miss Etta Pond. The entire cast was very good for an amateur performance and the audience seemed well pleased.

The Third Assembly District.
We publish in another column an advertisement headed up by Mr. Ezra Goodrich, of Milton, calling a mass convention of all those opposed to the re-election of Hon. J. C. Bartholomew as member of assembly in the Third Assembly District of Rock county. The convention is to be held at the court house in this city on Monday, October 31st. The call is signed "By order of the committee."

Mr. Goodrich, in handing us the advertisement, assured us that himself, Hon. John Conly, of Clinton, and Elijah Wixom, of Fulton, were the committee, but that for reasons best known to themselves preferred not to have their names attached thereto. We are aware that there is some dissatisfaction in the third assembly district regarding the candidacy of Mr. Bartholomew, but we do not believe that either the Hon. John Conly, of Clinton, or Mr. Elijah Wixom, of Fulton, would knowingly give their sanction to the promulgation of the call published. If they have grievances they must certainly be other than those named, and we here question that neither of them have seen the call. As for Mr. Goodrich, he is an aggressive man, one who seldom misses an opportunity to lay before the public his imaginary grievances, and he will not blush at reading the innocuous and false accusation in the call. Mr. Bartholomew's record in the legislature is an honorable one, and had Mr. Goodrich been a member of that body his vote would undoubtedly have been cast for the same measure for which he now attempts to vilify Mr. Bartholomew. The electors of the third district have the right to elect whom they please to represent them in the assembly; they have a right to call a mass convention; to make a nomination of a person to oppose Mr. Bartholomew, but we question the propriety, if not the right, to issue a call in the words of the one referred to, a call that we are sure two members of the committee will, in honor to themselves, renounce.

Harvest Home Day.
Thursday, September 23rd, will be observed in Trinity Parish as Harvest Home day. The church will be decorated with the fruits and grains of the earth. At ten o'clock in the morning there will be a celebration of the Holy Communion. In the evening there will be a special service and a sermon by the rector. The musical part of this services includes some beautiful numbers and will be rendered by the full surprise choir. At the close of this service, to which the public is invited, there will be a parish supper at Apollo hall, where there will be after the refreshments, a history of Trinity Parish read by the rector, toasts, music and speaking. Every member of Trinity Parish and those accustomed to attend service there are cordially invited to be present.

Mr. B. Frank Burpee is a married man, having a wife and one child. The other three are single men, 22, 23, 24 years of age, sober, etc., and industrious, and will make good use of the money.—Boston (Mass.) Commercial and Shipping List August 27.
